

Re: Community Service Opportunity for Community Health Center of Burlington

April, 2010

Dear Champlain Apartments Tenants,

We support many local non-profit organizations in a variety of different ways.

On Thursday, 4/22 the Community Health Center of Burlington will be hosting one of their annual fundraisers at the Main Street Landing Performing Arts Center on Lake Street in downtown Burlington. Community Health Center serves homeless and under-insured people and provides them with health care and medical services that they otherwise may not have access to. Their web site is: <http://www.chcb.org/>

We are looking for about 4 volunteers to help with setup, cleanup, and possibly some platter serving from 4:30pm - approximately 9:00pm on Thursday, 4/22.

If you have community service needs or are just interested in helping please contact Denise Vignoe at 802-318-2860 or denise@sprucemortgage.com. We speak often of the great group of tenants that we have and we would be delighted to have you join us in giving back to our community.

Thanks very much.

My Best,

Gene Richards
