

City of Burlington | Noise Ordinance

September 16, 2010

Dear Champlain Apartments Tenants:

The City of Burlington and the University Police will be patrolling the City throughout the weekend to deter problems and noise. Noise from your apartments should not be able to be heard outside your apartment. If you are on your porch or porch balcony, please be considerate of your neighbors.

Violations are expensive, can result in eviction, and can become a permanent part of your personal record.

We will be patrolling door-to-door with the police this weekend. We take this very seriously and will be fining violators. Please do not risk apartment eviction to play loud music or to have a good time. In the long run, it will not be worth the 30 minutes of fun.

Please review the City Noise Ordinance -

<http://www.ci.burlington.vt.us/codeenforcement/noisepollution/>

Please set a good example and be a good neighbor. Thank you.

My Best,

Gene Richards
