

Toilet Plungers/Zip It Cleaning Tool

October 27, 2010

Dear Champlain Apartments Tenants: As I have noticed an increase in calls to the Plumbing Company due to plugged toilets I have purchased Toilet Plungers for every bathroom in every apartment. In having the plungers located at the apartments I hope to make it more convenient for you as you will be able to remedy the situation immediately.

Over the next few days the Toilet Plungers will be delivered to your apartment and I ask that you place the plungers in close proximity to the toilet for your convenience. Please check our website at www.ChamplainApartments.com for the video on how to use the plunger.

Another tool being placed in the basement is a "Zip It Cleaning Tool." This will allow you to remove any hair or debris from drains for proper and quick drainage. You may find instructions on how to use the Zip It Cleaning Tool on the ChamplainApartments.com website as well.

Thank you in advance for your assistance and do email/call/text with any questions.

Have a safe Halloween!

My Best,

Gene Richards
