

Week of 7/26 - 7/30 | smoke-carbon detector battery change, etc.

July 23, 2010

Dear Champlain Apartments Tenants:

Happy Friday - Hope that everyone is looking forward to the weekend!

Next week, beginning Monday, 7/26 - through Friday, 7/30 between 8am - 4pm daily, Ladd Electric will be coming through all units for the annual smoke-carbon detector battery change and to test to ensure that all units are working properly.

Additionally, a reminder that all entry areas and hallways must be kept clear of trash, recycling, shoes, and other collectibles that would impede an emergency departure. This is to ensure your safety and the safety of others.

As always, thanks very much for your help.

Enjoy the weekend...

My Best,

Gene Richards
